Partnership opportunities

Fields marked with * are mandatory.

FUSION FOR ENERGY

F4E Partnership & Opportunity Form

Introduce your company and explore fusion partnerships

Dear Industry,

Whether:

- you are you looking for partner in view of an upcoming F4E business opportunity or any other fusion business opportunity,
- you are willing to engage in a PPP (Public Partner Partnership),
- you simply want to introduce the expertise of your company and be visible to the EU Fusion Supply Chain,

please fill in the hereunder form.

Whatever the profile of your company (SME, large corporation, established fusion player, newcomer to the field..), our team will review your submission and:

- Post it as a News on the front page of the F4E Industry Portal
- List it in the Fusion Partnerships section of the F4E Industry Portal.

Thank you for engaging with us for the future of fusion!

*** Please describe your offer or request, specify if it relates to a Call for Tender, Business Opportunity, or a PPP (Public Private Partnership)**

ON-SITE SUPPORT ACTIVITIES AND SUPPLY OF TEST COILS F4E-OMF-2074

Bilfinger Nuclear & Energy Transition GmbH offers its support and is interested in participating in the F4E Call for Tender “F4E-OMF-2074 – On-site support activities and manufacturing of test coils”. As an experienced manufacturer of superconducting magnets and coils, we fulfil the Main Technical Selection Criteria, including relevant experience in on-site support for large superconducting magnets as well as superconducting magnet manufacturing. Our capabilities include conductor and coil winding, manufacturing of superconducting joints, coil integration and factory acceptance testing. We are interested in collaboration with suitable partners, either as a subcontractor or co-contractor, and would be pleased to discuss potential cooperation for this opportunity.

*** What form of collaboration would you like to promote?**

- (●) Offer - my organisation has relevant expertise, technologies, or raw materials to offer
- ( ) Request - we are looking for specific expertise, technologies, or raw materials
- ( ) Both of the above

*** Please indicate below the collaboration preferences you wish to highlight (you can select more than one)**

- [x] Specific expertise and technologies
- [ ] Specific materials
- [x] To sub-contract to partners
- [ ] To co-contract with partners
- [ ] Sharing general technologies and business presentations
- [ ] Other
- [ ] *NEW* To engage in a PPP

Upload supporting documentation (e.g., business presentation, relevant technical specifications)
