**Provision of Legal Services related to the Engineer's and
Employer's role under FIDIC based construction contracts to
Fusion for Energy**

The European Joint Undertaking for ITER and the Development of Fusion Energy (hereinafter "Fusion for Energy" or "F4E") intends to procure legal services related to the Engineer's and Employer's role under International Federation of Consulting Engineers (FIDIC) based construction contracts.

The services to be provided will include legal advice in relation to assessment of claims submitted by the F4E Contractors under FIDIC based construction contracts and legal advice on situations which may impact contractual costs and/or schedule, variations and F4E claims.

As a result of this procurement procedure Fusion for Energy will sign a Multiple Framework Service Contract in cascade with maximum of 2 (two) contractors, for a maximum duration of 48 months.

Interested economic operators may express their interest by sending an e-mail to the mailbox tenders-adm@f4e.europa.eu together with their name, address and business details **before 18 February 2019 at 18:00.**

This publication imposes no obligation on Fusion for Energy to invite to tender any economic operator having expressed its interest in participating. Only tenders received from candidates invited by Fusion for Energy will be admissible.
