GRAUX manufacture big mechanical assemblies and has a specialization in vacuum. We build small to big sized vacuum chambers, beam lines, vacuum accessories. We have a skilled workshop in qualified welding (ISO3834/2) in steel, stainless steel, aluminium, we have big milling machine (until 8m / 3 m), surface treatments and assembly. We have a 400m² grey room for any clean assembly such as rhodotron, where we make all leak tests for vacuum vessels.

We are a reliable and quality focused partner for any kind of metallic assembly with high level of quality.

For more info, we would be pleased to make a presentation or go on our website: www.graux.be

*** What form of collaboration would you like to promote?**
