

Partnership opportunities

Fields marked with * are mandatory.

Are you looking for partner to fulfill the requirements of current or forthcoming [F4E business opportunity](#)?

Do you have relevant expertise, technologies, or interesting raw materials to offer?

Or do you simply want to introduce your company and engage in the EU Fusion Industry Supply Chain?

Whether you are a large corporation, an SME, an established fusion player or a newcomer to the field, this is your starting point.

In just a few minutes, you can submit an offer or request below. Our Market Analysis team will review your submission and feature it in the [Fusion Partnerships section](#) of the F4E Industry Portal.

Thank you for joining us and contributing to the future of fusion!

F4E Market Analysis and Techno Transfer Group

*** Description (Please describe what you are offering / looking for. If related to a specific Call for Tender or Business Opportunity with F4E or ITER IO please indicate the name and reference)**

Leijenaar Electronics B.V. is a Dutch company that's specialized in a wide range of professional RF/microwave design services. With extensive experience in using industry leading equipment and design tools Leijenaar Electronics can provides RF/microwave design services from the early idea up to a working product. We possess in-house measuring equipment and have rapid manual assembly capabilities, making our prototyping cycle short and efficient. Following prototype development, we can also quickly produce reproductions.

We look for projects where our RF expertise can be of value. This applies to both product development and service provision.
