

Partnership opportunities

Fields marked with * are mandatory.

Are you looking for partner to fulfill the requirements of current or forthcoming [F4E business opportunity](#)?

Do you have relevant expertise, technologies, or interesting raw materials to offer?

Or do you simply want to introduce your company and engage in the EU Fusion Industry Supply Chain?

Whether you are a large corporation, an SME, an established fusion player or a newcomer to the field, this is your starting point.

In just a few minutes, you can submit an offer or request below. Our Market Analysis team will review your submission and feature it in the [Fusion Partnerships section](#) of the F4E Industry Portal.

Thank you for joining us and contributing to the future of fusion!

F4E Market Analysis and Techno Transfer Group

*** Description (Please describe what you are offering / looking for. If related to a specific Call for Tender or Business Opportunity with F4E or ITER IO please indicate the name and reference)**

Luxembourg-based company, founded 1948, Infrastructure Access Solutions (formerly Tractel Secalt) is dedicated to design and fabrication of bespoke handling, access and lifting equipment.
Part of Alimak Group (Sweden) and ideally situated in the heart of Europe, Infrastructure Access Solutions serves major players in the nuclear industry, either directly (ITER, EDF, CERN) or indirectly as a subcontractor to prime contractors involved in SMR and EPR projects.
As every project is unique in terms of its requirements, our strength lies in tailoring our equipment to meet specific needs, ensuring both safety and productivity for our clients.

Examples of past solutions manufactured : heavy door handling machines, overhead cranes, post-tensioning trolleys, lifting beams, bespoke operation and maintenance platforms, monorail systems, heavy duty lifting derricks...
