

March 10th, 2026. GRANADA. Spain

This event is designed to bring industry closer to one of Europe's most strategic fusion infrastructures. The session will showcase current and future business opportunities within IFMIF-DONES, provide first-hand insights into procurement procedures and industrial needs, and foster direct interaction between companies, and fusion stakeholders. The event aims to strengthen the industrial fusion ecosystem and attract new companies to actively engage in fusion-related projects and collaborations.
